LADIES—14073 B. C.
DON'T DIE OF CANCER.
GOVERNMENT SHOULD PAY.
NEEN NON-EXPLOSIVE FUEL.

A. W. Pond, scientific gentleman, back from Africa, says ladies of 150,000 years ago used cosmetics, "extravagant ornaments" and painted their cheeks red.

They went to extremes, wore necklaces made of ostrich eggs, and some of them painted their faces yellow and black, as well as red.

Still earlier, 500,000 years ago, when men used "fast hatchets," long sharp stones shaped like pickaxes, the ladies, then covered from head to foot with reddish hair, were probably pulling the hair from their cheeks, noticing that gentlemen preferred smooth skin.

Don't die of cancer—it isn't necessary. At the age of forty, one out of every ten persons has a cancer. 100,000 die of cancer in the United States every year.

Pay attention to any strange growth on the body. A few seconds work will often prevent a cancer spreading. Above all, keep in good condition, with regular sleep, moderate exercise, much fresh air and your blood will take care of the cancer.

The Government has wondered what to do with the surplus taxes. It might use the first few hundred millions to indemnify victims of the Mississippi flood.

Those that realize the importance of soil fertility will be interested in Colonel Ewing's casual remark that men digging for artesian wells in lower Louisiana, went through fifteen hundred feet of the richest soil, deposited by the great river, a soil far richer and deeper than that of Egypt.

Standard Oil of New York will issue \$125,500,000 new stock, bringing the total up to about \$450,000,000. The company doesn't need that, but will let employees of the company buy the stock to increase interest in their work.

Uldine Utley, fifteen-year-old evangelist arrived to save souls in New York at an unfortunate moment, with the Snyder case in full blast. Not even a New Yorker can attend to everything at once.

In Baltimore Jules Askin, artist, painted from nature on the Sabbath. You are not supposed to work on Sunday in Baltimore. They locked him up. He asked: "Who paints the beautiful sunrise and sunset on Sunday, and what do you do to Him?"

The cold jailer replied: "Ask the Judge; you're not supposed to argue."

A hydroplane struck by lightning, in full flight, falls, the gasoline tank exploding and killing four. This will not discourage flying, but will stimulate work on non-explosive fuel.

An unfortunate leper, John Early, is at large somewhere in the South, having escaped from the Carville (La.) leprosarium.

Men dread to arrest him, but there is little to fear. Soap and water have reduced leprosy to an insignificant disease. And the newest discovery, chaulmoogoo oil, conquers it.

ONE BEST WAY

There are several ways of saving money but there is ONE BEST WAY and that is through the Kent Building & Loan Company.

Miss Gladys Archibald sang a very sweet solo called "Alone With Jesus" at the Grace Presbyterian Church Sunday. She was accompanied by Miss Carrie May Lipscomb, the regular organist, Mrs. Gerald Myers being absent on account of sickness.

The official board of the M. P. Church met at 1 P. M. on Saturday. Dr. E. C. Makosky was present.

A letter to the Board of Stewards from Dr. J. W. Trout was read, asking them to release him from his church work there, for this conference year.

Dr. J. W. Trout has been very sick with the grip, and feels it is necessary for him to go to the mountains believing his health will be better there, and he had the opportunity of a comfortable charge, if released here.

The official board was willing to give him up under the circumstances.

His new appointment will be Hawley Memorial Church, Charmean, Pa., at Blue Ridge Summit.

We will miss Dr. Trout, he was good and faithful to all our needs, and through all kinds of weather, visited the sick and gave them words of comfort, though suffering himself many of the times.

One worthy brother said, "his sermons on the Sabbath Day, gave you something to think about the balance of the week and was always uplifting and beneficial."

We wish him success and hope he may soon be well and strong.

Rev. Harry G. Hager has been appointed by Dr. E. C. Makosky to finish this conference year here. He will arrive in a few days and conduct the church services on this Sunday at the usual hours.

Mr. Hager has just graduated from the Seminary, and will appreciate the help and support of all of Dr. Trout's friends, so be sure to welcome him by your presence at Church Service on Sunday.

Christian Endeavor will be led on Sunday evening by Dr. L. W. Ford. Topic, "Bible Guide-Posts." Psalm 119:1-16, with sermon to follow as usual.

NOW YOU CAN WAX-POLISH ALL YOUR FLOORS AND LINOLEUM

Easily—Electrically—ten times faster than by hand

Glazing waxed floors are no longer a luxury—NOW you can have their radiant glow in every room. The new Johnson's Wax Electric Treatment makes WAX the most economical of floor finishes. This treatment takes only a few minutes—there is no hard work—no stooping or kneeling—no messy rags and pails. It won't soil or roughen your hands! And it saves you all the bother and expense of frequent refinishing.

This Johnson's Wax Electric Treatment is so easy anyone can use it. Just spread on a thin coat of Johnson's Polishing Wax with a Lamb's-wool mop. This cleans as it waxes. Then run the Johnson Electric Polisher over the floor and let ELECTRICITY do all the work. This Electric Floor Polisher is much easier to run, than a vacuum cleaner—it glides along silently, smoothly leaving a path of beauty behind it.

It makes no difference whether the floors are old or new—of wood, linoleum, tile or composition. Nor how they are finished—with varnish, shellac, wax or paint.

You can RENT THIS ELECTRIC FLOOR POLISHER FOR \$2.00 A DAY and in just a short time give all your floors and linoleums this beautifying wax treatment.
