Incidentally, the British admit that beginning in 1932 they will be getting from their European debters, recently called "gallant Allies," more than enough to cover all payments to the United States. Mr. Mellon's statement was strictly accurate, barring one clerical error, and it enlightened his fellow citizens.

This IS news. A tractor and plow with no driver, all by themselves guided by electricity, ploughed a twenty-acre field on the farm of the Nebraska Agricultural College yesterday, farmers, professors and business men looking on. The first furrow only was ploughed under human guidance. That furrow acted as guide and the machine did the

The farmer will sit, spyglass in hand, on a tower in the middle of his acres, watching one machine spraying potatoes, another cultivating corn, a third cutting green oats for hay, and not a farm hand on the place.

In Kansas alone this year additional "combination" machines for harvesting wheat will do away with 25,000 itinerant extra farm hands. Brains, money and machinery will solve the far m problem as they have solved other industrial problems. \_\_\_\_\_\_

-As will be seen by advertisement in today's issue the Tolchester Company will, beginning May 28th, have a very frequent Ferry service between Tolchester and Baltimore the first boat leaving at 8:00 a. m.

# NOW YOU CAN WAX-POLISH ALL YOUR FLOORS AND LINOLEUM

#### Easily--Electrically--ten times faster than by hand

Gleaming waxed floors are no longer a luxury-NOW you can have their radiant glow in every room. The new Johnson's Wax Electric Treatment makes WAX the most economical of floor finishes. This treatment takes only a few minutes-there is no hard work-no stooping or kneeling-no messy rags and pails. It won't soil or roughen your hands! And it saves you all the bother and expense of frequent refinishing.

This Johnson's Wax Electric Treatment is so easy anyone can use it. Just spread on a thin coat of John son's Polishing Wax with a Lamb's-wool mop. Thi cleans as it waxes. Then run the Johnson Electric Polisher over the floor and let ELECTRICITY do all the work. This Electric Floor Polisher is much easier to run, than a vacuum cleaner—it glides along silently, smoothly leaving a path of beauty behind it.

It makes nodifference whether the floors are old or new-of wood, linoleum, tile or composition. Nor how they are finished—with varnish, shellac, wax or paint.

You can RENT THIS ELECTRIC FLOOR POLISHER FOR \$2.00 A DAY and in just a short time give all your floors and linoleums this beautifying wax treatment.

MEN ARE PARTICULAR

about such things as ice cream and candy. As boys they were quick to admit their appetite for such goodies. But as they grow older and become men they seldom admit a likeness for such sweets. However, the men who know our pure ice cream are quite willing to confess that they have as big an appetite for it now as they did in minor months. Quality counts.
