THE BEST AD MEDIUM
A SIXTEEN HOUR ATLANTIC
NEW FREEDOM OF PULPIT
SHYLOCK SAM IN POST OFFICE

When Uncle Sam advertises, he advertises. The Treasury announcement, recalling \$1,650,000,000 of Second Liberty Loan four and a quarter per cent bonds will be published in fifteen thousand American newspapers, daily and weekly.

Mr. Mellon shows good judgment, putting the advertising in thousands of country weeklies and small dailies. In proportion to their circulation, they are THE best mediums.

Before General Mitchell was put out of Army flying, for telling unpleasant truths, he had under way plans for a giant flier, with wheels twenty feet high, that could take a running start over fences and tree trunks.

And this week Professor Rumpfer, head of a German airplane company, announced plans for a plane many times the size of any ever built, to carry many engines, and cross the Atlantic in sixteen hours, carrying 170 passengers.

Transatlantic flight will soon be commonplace, but the little machine must show the way, as did Columbus's little boats.

Miss Spencer, seventy years old, rode to work at the Treasury Department and back on a bicycle, saved and made more than \$100,000. She leaves small sums to relatives and the balance \$100,000, for a tombstone. Relatives object, the court is asked to decide.

The foolish waste should be forbidden. But it is interesting to think of that old Treasury clerk pushing her bicycle back and forth, meditating on the grand figure that she would cut in death with her \$100,000 tomb, she, who in life had been only a \$1,200 year spinster clerk. Happiness is largely imagination.

It is suggested unofficially that Mr. Hughes, formerly Chief Justice of the Supreme Court, will be chosen by Governor Fuller of Massachusetts as head of a commission to investigate the Sacco-Vanzetti case.

Such a choice would be satisfactory to the country, and the decision conclusive. It is more important by far than executing any two men, to make sure that there was no mistake or prejudice in conviction.

The views of clergymen each Sunday present interesting contrasts, such as would have been unsafe for the clergymen one hundred years ago.

The Rev. Dr. Walter Duncan Buchanan says we are ignorant about heaven and our uncertainty is a blessed thing. It gives us something to hope and work for.

The Rev. Dr. Straton says Mrs. tarian, says we must look for our "compensations" in this life. Old ideas of heaven and hell "are now inadequate and futile."

The Rev. Dr. Straton says Mrs. Snyder, convicted of helping to murder her husband, is an atheist. She couldn't have committed the crime had she believed in God.

If that is so, there have been atheists in high places throughout history.

Republicans and Democrats are planning a 1928 campaign in which the wet and dry question will be shelved, forgotten.

Some wets say, "If you do, we shall start a third party, dripping wet."

That would not hurt the feelings of Republicans, who have decided the Democrats may have the wet issue.

If, as seems likely, a wet Democrat is nominated, the wets will know his wetness and vote for him. A separate wet party would get as few votes now as a separate prohibition party used to get, in the old wet days.

Congressman William W. Cohen says the Government's treatment of letter carriers and mail clerks is a disgrace, which is accurate. Mail workers are unpaid as regulars, and shamefully treated as substitutes. For the Government to compel men, perhaps with children, to waste an entire day waiting for one of two hours' work, and for the richest country in the world to pay its post office force as miserably as ours are paid, is unworthy.

Clerk: "Your name?"
Gov: "C. Faring Mann."
Clerk: "I asked your name, not your occupation!"

The Chicago bandits are getting chicken-hearted. They are kidnaping their victims instead of killing them now.

Thriftiness: Dusting up your Christmas gifts in anticipation of some wedding invitations.

That Lindbergh Boy From Little Falls, Minnesota

Here is the happy Charles Lindbergh in Paris with background view of a flight around Eiffel Tower, in his monoplane, "The Spirit of St. Louis." Europe has taken our youthful and intrepid air man to its heart as he plans vacation "hops" to the different capitals. Lindbergh's love for his plane, which carried him from New York to Paris, in 33 1/2 hours, is shown when in speaking of the feat he always says "we"—meaning plane and self.

Adventurous American youths get thrills and education knocking around this big, varied America, looking for their proper place in the world. Such is Lindbergh.

He was brought up in Little Falls, Minn., a hamlet six thousand strong. With his father, a Representative in Congress, he knew Washington. He went for two dissatisfied years to the University of Wisconsin, a gangling boy, disregarded by the college fraternities. He tried in vain to scrape together the money to pay for finishing a flying course in Nebraska. He took to parachute jumping in Montana for a living.

He adventured alone in an old row-boat down the Yellowstone and Missouri Rivers to St. Louis. He enlisted and learned flying in the Army Air Service at Brooks Field, San Antonio.

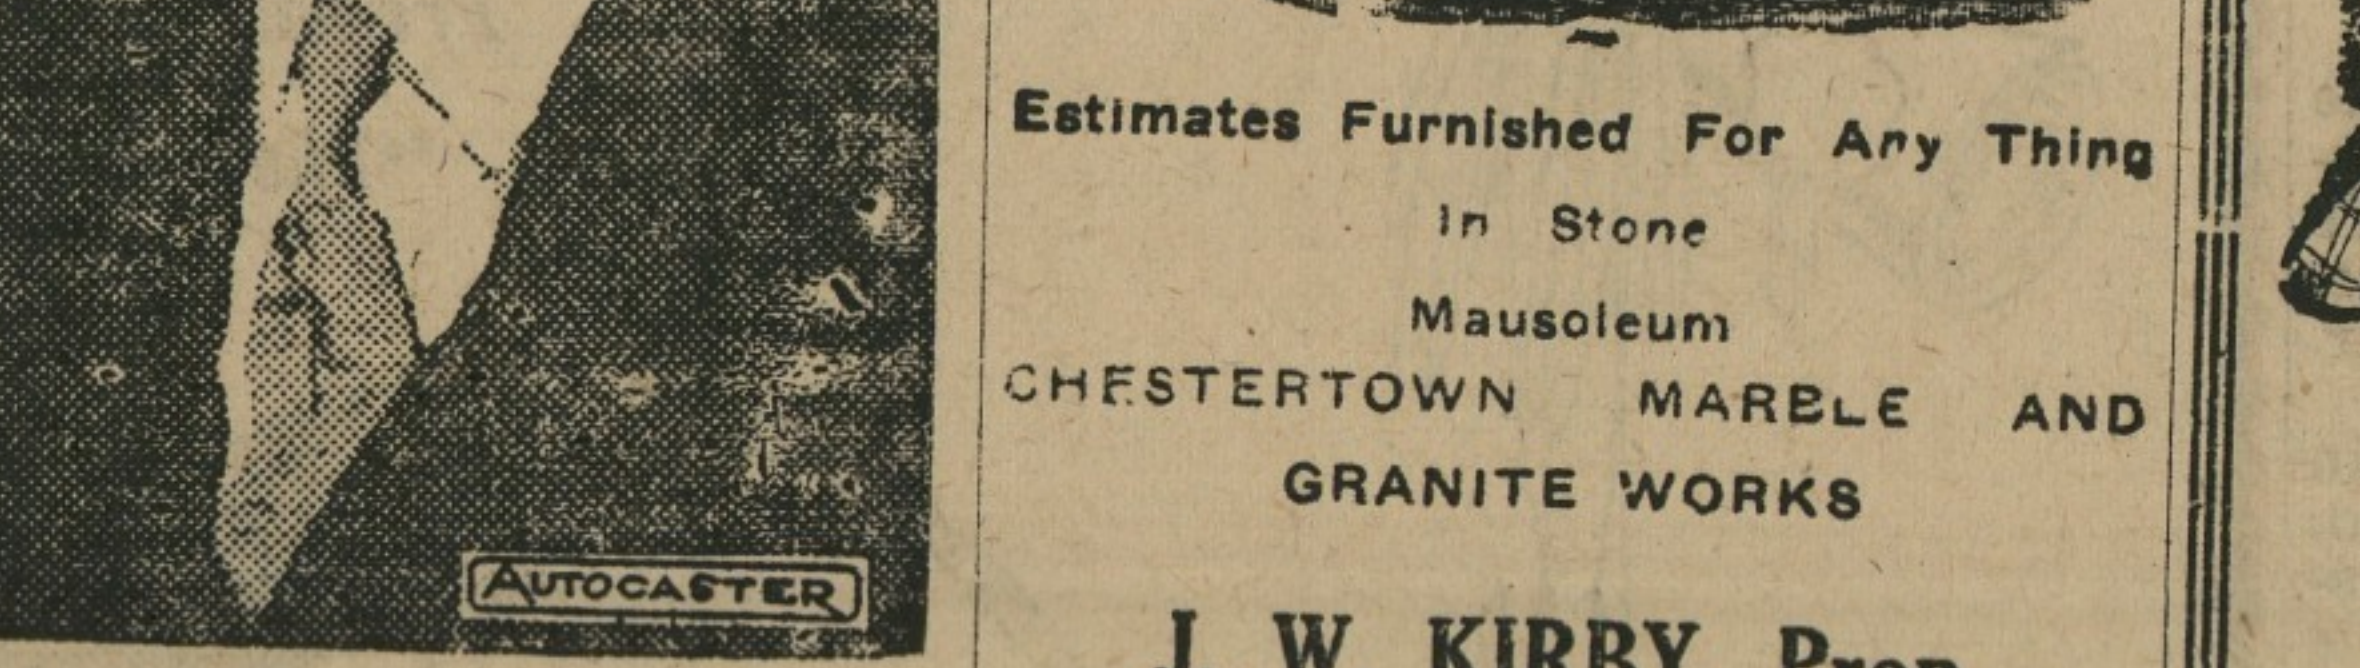

He flew the air mail by day and night between St. Louis and Chicago, once parachuting to safety when his plane stalled in a fog.

He got men of means to finance the "Spirit of St. Louis." He personally supervised its construction in the Ryan air plant at San Diego.

Unheralded and unused, he boarded the new plane and jumped, in one hop, fourteen hundred miles from San Diego to St. Louis, in another day he flew the nine hundred miles from St. Louis to New York, and then over-night, the thirty-six hundred miles across the sea to Paris.

"The thoughts of youth are long, long thoughts," Long-fellow sang.

"This boy of divine genius and simple courage," Ambassador Herrick cabled to President Coolidge from Paris.

Dr. J. M. Doran, head chemist in the Prohibition Enforcement Bureau, succeeds Roy A. Haynes as Prohibition Commissioner.

"Excuse this bit of sarcasm," said Smith to Jones, "but I must say you are infamous liar and scoundrel!"
"Pardon this bit of irony," said Jones to Smith, as he knocked him over with a poker.

Gleaming waxed floors are no longer a luxury—NOW you can have them radiant glow in every room. The new Johnson's Wax Electric Treatment makes WAX the most economical of floor finishes. This treatment takes only a few minutes—there is no hard work—no stooping or kneeling—no messy rags and rails. It won't soil or roughen your hands! And it saves you all the bother and expense of frequent refinishing.

This Johnson's Wax Electric Treatment is so easy anyone can use it. Just spread on a thin coat of Johnson's Polishing Wax with a Lamb's-wool mop. This cleans as it waxes. Then run the Johnson Electric Polisher over the floor and let ELECTRICITY do all the work. This Electric Floor Polisher is much easier to run, than a vacuum cleaner—it glides along silently, smoothly leaving a path of beauty behind it.

It makes no difference whether the floors are old or new—of wood, linoleum, tile or composition. Nor how they are finished—with varnish, shellac, wax or paint.

You can RENT THIS ELECTRIC FLOOR POLISHER FOR \$2.00 A DAY and in just a short time give all your floors and linoleums this beautifying wax treatment.

MEN ARE PARTICULAR
about such things as ice cream and candy. As boys they were quick to admit their appetite for such goodies. But as they grow older and become men they seldom admit a likeness for such sweets. However, the men who know our pure ice cream are quite willing to confess that they have as big an appetite for it now as they did in minor months. Quality counts.
