ROCK HALL

How many have seen the beautiful star that glows in the East just before sunrise? And who saw the sun arise yesterday morning in the clear atmosphere after the rain had washed it clean? There were smiles when clouds appeared Monday for the earth was so dry many wells had failed. The heat had broken the records going to 4 degrees on Saturday and being assuaged only a little by a breeze on Sunday. Several light showers Monday afternoon and then the moon and stars shone. But at midnight there was wind of almost tornadic proportions that rather terrified the timid but it brought the blessed rain in generous quantities and we awoke Tuesday morning ready to thank the Giver of all good.

Achievement Day of the Women's O. U. A. M. Hall here last Wednesday Clubs of the county was held in J. There were about sixty present. A number of addresses were made on the work that had been accomplished with explanations and demonstrations. Mrs. James Bigelow and Miss Lulu Lassen demonstrated how to finish a dress neck. Mrs. Ashley gave a talk on this club has accomplished. Mrs. Clara Williams gave a very interesting account of her recent trip to the West. A lady from Hutzler's showed some of the latest styles in clothes and accessories for women and misses. The social feature seems to be one of the greatest factors toward success in these meetings.

The fire engine arrived here Saturday and gave a demonstration of its power at the shore where there was plenty of water. The firemen were much pleased with its performance but wish to see the work of other engines before reaching a conclusion. Some of them, combining pleasure with business, formed a party of Messrs. H. A. Urie, W. R. Rodney, Walter Coleman, John Dowling, Wm. E. Francis, Wm. E. Leary, with their families, Charles J. J. Charles Parsons and others last Sunday week motored to Church Hill to see the fire proof structure that is being erected by Harry Massey to replace the engine house recently burned there. This trip was taken in connection with the building of a fire engine house for the Rock Hall Volunteer Fire Company which will be erected on a piece of land purchased from Thomas Tucker, the digging for the foundation twenty-four by thirty-four feet being already begun. The structure will be of concrete block so the party motored through Queen Anne roads to find Hugo Kettrel's concrete block manufactory. They also visited Millington to look over the fire engine house at that place and found a structure that is a credit to any place.

G. E. Leary & Son's new mill in the town is nearing completion and soon the old mill at Grey's Inn will be abandoned. There is a very large storage building for lumber, another for roofing and similar supplies. A shop and mill are building the power for which will be furnished by an oil engine. Another building for storing window frames and doors will be added in a short time. When complete it will be a show place of the town as it represents a large expenditure of money for the convenience of the place.

Sunday School which begins at 9:30 a. m., at Wesley Chapel had a hundred and sixty-eight members present besides some visitors. The sermon was delivered by the pastor, Rev. C. L. Dawson, who is assisting Rev. Colvin Randall in evangelistic services this week. A Near East speaker, Rev. Bennett, gave a very interesting talk. October 16th at 10:45 a. m., the Rally Day service will precede the sermon. Tomorrow evening the supper and festival will be held on the church lawn. Come visit our church.

The morning service at the M. E. Church Sunday was in charge of Rev. Beauchamp of the Goodwill Industries of Wilmington, Del., who delivered a sermon from Matt. 25:46 to an interested audience. Ivory Palaces was finely rendered by the choir. The Sunday School numbered a hundred and eighty six. At 7:30 p. m., the Epworth League was led by Miss Mabel Webb who had provided an interesting program in which "How Could I Live Without Jesus?" was most impressively sung by Miss Frances Berger. A duet was rendered by Miss Lillian Odr and

Miss Esther Grant. The evening sermon from "But one thing is needful," Luke 10:42, by the pastor was a fine discourse. Next Saturday the Third Quarterly Conference will meet at 7:30 p. m. Sunday evening the Rally Day program will be substituted for the League and sermon. All are invited to these and all other meetings at this church of geniality and brotherhood.

The floating theatre is drawing the usual large crowds of pleasure seekers.

The storm seems to have done some damage by means of the strong wind. A number of boats dragged their anchors and were blown ashore. Mr. Tilghman Hubbard had a boat completely smashed. One crew of men lost most of their clothing. Many people were caught in the wind when on the way home from the floating theatre, the way being made more perilous by uprooted trees but, almost miraculously, no lives were lost. For which be thankful.
