The Risdon
A Masterpiece of Accuracy At a Very Modest Price
The Savery
Either of these two charming timepieces (by Hamilton-Sangamo) made of the finest walnut or mahogany, electrically wound and extremely accurate, may be purchased for \$55.00.
Unaffected by irregularities in your current, they will run for more than ten hours with the current off. Clocks make charming gifts because they are constant reminders of the giver. Unlike a hand-wound clock, a reliable electric timepiece, such as the Hamilton-Sangamo, keeps the giver constantly in mind, solely by the service it renders—not by the service it requires.
