### HOME OPINIONS!

What Gen. Sprigg Knows About Lowndes -Congressman Miles' Opinion!

Morning Herald Report of Central Committee

General Joseph Sprigg, of Allegany, the home of Mr. Lowndes, the Republican gubernatorial candidate, made a brief speech which pleased the delegates immensely. The General's remarks were received with especial interest because of the fact that he trains with the anti-Gorman faction in his county.

"This is expressed by the chairman to be a family consultation," said he, "and I propose to be frank and give you as clear an idea of the situation in Allegany county as I can. You are aware, of course, that Allegany county sent to the last State convention a delegation that voted for Judge Fisher. We went into the primaries in Allegany county and made our fight there, and we were suc cessful in our endeavors, but we are Democrats in Allegany county, and we are all heartily in favor of the election of our State ticket.

"The Democrats of Allegany county know Mr. Lowndes, and Mr. Lowndes' record as a reformer," continued General Sprigg. "If he is sincerely a reformer, he has had for a number of years a good field in Allegany county. varicocele, hydrocele follow. The Republicans have controlled our county for years with one of the most tyrannical, dictatorial rings that has ever existed in this or any other State, Mr. Lowndes is an important factor in that ring. He has never made any record in our county as a reformer. We do not believe that he has any such disposition himself, and we know that, if ed by the rapidly increasing memberhe even desires to reform anything in Maryland, he could not do so, surrounded as he is by the men he must and will manhood.

### BICYCLERS DIG THEIR GRAVES.

Dr. Heine Marks' Denunciation of the Wheel.

A dispatch from St. Louis, Mo., under date of August 28, gives the following extreme view of what is generally believed to be the most healthful exercise.

"Dr. Heine Marks, ex-Superintendent of the City Hospital, to-day denounced bicycle riding as follows: To my mind owing to the excess of exercise indulged in by bicycle riders of to-day, when a man or woman buys a wheel they take the first spadeful of earth from their grave. To give some idea of the unwholesomeness of bicycle riding, listen

"First you have a kind of paralysis of hands from constant gripping of the handle bar; then contraction of the muscles of the legs, contraction of the posterior muscles of the lower limbs and of the inside muscles of the thighs; round shoulders from stooping over and contraction of the chest. This causes congestion of the lungs and leads to consumption; continued violent exercise also leads to the enlargement of the heart. Furthermore, with men rupture,

"With women constant riding causes troubles peculiar to women. Married women riding bicycles are especially liable to very serious physical mishaps. In fact the dangers are multitudinous.
