We now come to the discussion of the second proposition as stated above.

that there is not an intelligent Democrat among us who is not willing to admit = that the rule of the Republican party in KAPLAN, Maryland from 1860 to 1867 was the most odious and tyrannical government which has ever held power here since the days of the Revolution.

It is a fact of history that our treasury was plundered, taxes largely increased,

There can be no question of the fact that the same system of destruction by which the Southern States were robbed of \$300,000,000 were set on foot here by the allies of carpet-bag Republicans, and the whole machinery of the government would soon have been in the hands of men whose vindictive hatred was only equaled by their flagrant dishonesty.

Fortunately, we were rescued in time equaled by their flagrant dishonesty.

the people. that intelligent men can seriously ask us to change all this and place ourselves All Wool Red Flannel once more in the hands of that party All Wool Grey Flannel which so eagerly sought our destruction. It is useless to talk of the ease with which Maryland can be restored again the triumph in the Republican camp that every artifice known to those skilled in the use of political machinery would be brought into play to keep us in line for the Presidential election of 1896.
