At first glance you will think strange of such an advertisement, but this is done to show the QUANTITIES in which we buy goods, thereby reach first hands, the MANFUACTURERS. WE BUY DIRECT, THE QUANTITY JUSTIFIES IT.

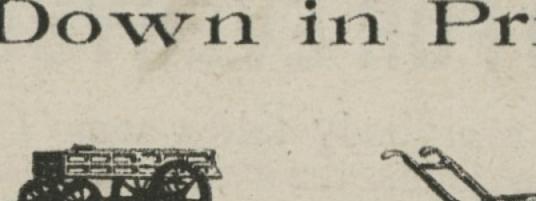

Another great point that I have tried for nearly one year to impress upon you, is that the only successful way to do business is on a CASH BASIS. Again, we buy everything from HEADQUARTERS and for the CASH. We discount because we stick to the cash system, and therefore you can get more for your money at

than at the majority of stores. Buy for Cash, Sell for Cash, and you "are in it," otherwise you are a back number.
