SATURDAY, MARCH 6, 1909.

Died Out West.—Richard W. Clements, a native of Queen Anne's county and a son of Rev. Joel Clements, died at his home in Brookfield, Missouri, Friday February 16. Mr. Clements after having made his home in Baltimore and Philadelphia a number of years, went to Brookfield in 1870 and had been a resident of that place or the immediate vicinity since that time.

Washington College is making preparations for what promises to be one of the most successful baseball seasons in the history of the institution. The manager, Mr. W. Raymond Moody, '09, of Chestertown, has prepared the best and most comprehensive schedule that has ever been outlined at the college. The policy of the management has been to recognize the wonderful growth of the college along all lines by extending athletic activities into a larger sphere and hence to enter into relations with the more important institutions. The aggressive policy has been met with phenomenal success as the schedule published below evinces. Due to inability to extend the season, some very fast teams have, of necessity, been dropped from the schedule, but these will be taken up during successive seasons.

The attitude of the Athletic Director Mr. M. J. Thompson, who is well-known throughout the collegiate world, in having officiated in the more prominent football games of the country, has always been toward purity in athletics and under this policy the college cannot but forge ahead. A proper regard for the ethics of college sport is characteristic of the most prominent institutions in the country and since Washington conforms strictly to this fundamental idea of collegiate sport, great hopes are entertained for a steady advance along this line. The larger teams to be played include such as Georgetown, Penn State College, Manhattan of New York, Johns Hopkins, Villa Nova, Gal audet, Ustinus, together with the usual schedule of games with Maryland colleges. The squad numbering twenty-two in which number are six of last year's team, started in work last week in the gymnasium in setting up exercises winding up the day's work with a cross country run. As usual the season will open with Villa Nova and wind up in Commencement day with the Alumni. This game has proven one of the best on the schedules for some years past. Last year the game going seventeen innings, proving a big feature to the large number of graduates and visitors that were here for the Commencement exercises. The following is the schedule:

CHURCH PROPERTY PURCHASED.

The trustees of the M. E. Church, Church Hill, have purchased the Presbyterian Church property in that town, and have contracted with Mr. Thompson, of Ridgely, to move the church building to their present site, same to be reconstructed as a church edifice. The present M. E. Church building will be moved to the rear of the lot and converted into a church hall.

The Presbyterian Church has been vacant for the past four years, but the building is a modern and substantial one, and will greatly improve the M. E. property.

Work of moving the buildings will begin March 8th, and the Presbyterians lot will be sold as a building lot. The price paid for the entire property, including building and furniture, was \$750.

Rev. W. F. Dawson is the pastor of the M. E. Church, Church Hill, and it was through his energetic efforts that the deal was made.

If you are thinking of having any tin work done be sure to see H. R. Graham & Bro. and let them do it for you. Mr. Wm. Elliott, formerly with the late J. K. Aldridge, is the tinsmith, and they will guarantee to give you a good job at the right price.

FAIRFIELD'S BLOOD TONIC

A Separate Preparation for Horse, Cow, Hog and Poultry
GREATEST KNOWN
Blood Purifiers
AND
Regulators
Sole Under Written Guarantee by
FOR HORSES ONLY FAIRFIELD'S Blood Tonic and Regulator
FOR CATTLE ONLY FAIRFIELD'S Milk Producer and Blood Tonic

IMPORTANT TO FARMERS

Manufacture your own stock foods as you need them. No trouble, it saves expense by mixing a small quantity of Fairfield's Blood Tonics with the animals' regular ration. A separate tonic compounded to meet the peculiar requirements of each kind of animal, put up in concentrated form gives greatest results at less cost than the old style and obsolete method of putting up cure-all stock preparations.

MR. WILBUR ELIASON tells us that his hogs would always become infected with cholera whenever it would appear in the neighborhood. Last fall cholera was on all sides of his farm and he did not have one hog taken sick while in former years he would lose all. He attributes this great fortune to the regular feeding of FAIRFIELD'S BLOOD TONIC FOR HOGS ONLY.

MR. C. C. BROWN, of Pomona, says that he tried for fourteen years to raise ducks, but they always died at the "feathering age." For the past two years he has used FAIRFIELD'S TONIC FOR POULTRY ONLY and raised every duck after he had started feeding this wonderful preparation.

MR. D. B. McMENAMIN, who has tested the merits of FAIRFIELD'S BLOOD TONIC FOR HORSES ONLY says beyond a doubt it is the best preparation of the kind he has ever used. There are scores of others in this county that endorse these meritorious preparations. They are compounded scientifically to meet the peculiar requirements of each animal. You do not run the slightest risk in purchasing these Tonics for if they do not do all that is claimed for them we cheerfully refund your money.
