DROWNED IN CHESTER RIVER.

Frank Perry Coleman, of Chestertown was drowned in Chester river, near Spaniard's Point last Saturday afternoon, about 2 o'clock. The young man was employed as a sailor on the schooner Thomas Shaw, owned and commanded by Capt. S. T. H. Pfeiffer. The vessel was homeward bound and when off Spaniard's Point encountered a heavy wind. Young Coleman was engaged in reefing a sail, and by the shifting of a boom was thrown into the river. The vessel was rounded to as quickly as possible and a yawl sent to assistance of the young man who was a good swimmer, but before he was reached he sank under the weight of his heavy clothing and never came to the surface. His body was recovered Wednesday. The unfortunate young man was about nineteen years of age and was the son of Mrs. James U. Coleman.

Indorsed for Supervisor—Captain Isaac Whit, of Salisbury, has been endorsed for supervisor of the census for the Eastern Shore. The indorsement was given by Mr. William P. Jackson, Maryland member of the Republican National Committee, and Mr. John B. Hanna, chairman of the Republican State Committee. These endorsements, it is said, will make Captain White's appointment certain. Kent county puts a claim for this place, but failed to land it.

Tenancy Trial.—The first case to be put on trial in Cecil Court last week was that of Dr. E. N. Crawford vs. William G. Jones—an appeal case. In July, 1907, Dr. Crawford purchased the Semans farm, near Cecilton, and in July 1908, the new owner sought to get possession of the property. At the time the farm was purchased it was tenanted by Henry Boulden, but in the meantime he sub-rented it to his son-in-law, William G. Jones. The notice was served on Jones to vacate the property but he refused to do so. Mr. Boulden held a ten-year lease for the farm, which does not expire until 1914. Magistrate Jones heard the case and decided in favor of Jones and an appeal was taken. When the case came to trial before the jury Monday, counsel for Jones sought to show that Boulden held a 10 year lease from the former owners of the farm, but as it was not recorded, they were not allowed to offer it in evidence. Dr. Crawford and other witnesses in the case testified to Jones being properly warned to quit the premises, etc. Tuesday morning the jury in the case rendered a verdict for the appellant, Dr. Crawford, for restitution of the property.

Hog raisers in many sections of the United States have completely driven Hog Cholera from the community by the regular use of Fairfield's Blood Tonic for Hogs Only. Is Your Shovel Worn Out? The price of a new shovel is a small matter. But are you going on forever shoveling into a furnace twice as much coal as is really needed to heat your house—and then shoveling out twice as many ashes? Ashes are expensive, because coal is expensive. You can't afford to let one shovelful of coal get away without getting its full content of heat out of it, and into the air of your house. You can do this easily, safely and surely with the MODEL Heating System. It thoroughly consumes every pound of coal, leaving nothing but fine white ashes. By a scientific plan of circulation, it gets the heat from the fire and distributes it, through steam or hot water radiators, with remarkable efficiency. As a result it will keep the whole house comfortable day and night, in all weather, and save one-third to one-half of the coal ordinarily consumed. It is doing this now in thousands of homes. Look into it at once. THE LEDOM RANGE. The Ledom is as good a kitchen range as the Model is a heating system—which is saying a great deal. Its grate alone saves half of the usual coal consumption, and makes it the ablest, quietest, most convenient range ever built. Don't fail to see it. LEAVES \$1,000 TO CHARITY. Mr. Thomas Hill Bequeaths Remainder to Members of Family.

St. Peter's Asylum for Female Children, on Myrtle avenue, near Lanvale street, and the Home for incurables are bequeathed \$500 each by the will of Mr. Thomas Hill, the real estate dealer, probated in the Orphan's Court Tuesday. Other bequests in the will are as follows: Mrs. Annie Bryant Sattler, wife of Rev. John G. Sattler, daughter of Mr. Hill, five shares in the Druid Ridge Cemetery and \$1,000. Mr. Malcolm W. Hill, son of Mr. Hill \$1,000, his gold watch, chain and charms, and office furniture and fixtures. Mr. Norman A. Hill, son of Mr. Hill, \$1,000 and the balance of his jewelry and trinkets. Mr. James A. Owings Tucker, a nephew, \$500. Miss Agnes E. Goodenough, \$500, if she is living in Mr. Hill's family. Hattie Hunter, colored, a cook, and Richard Mackall, colored, \$200 each, and Garrison Brooks, colored, \$100, provided in each case that the legatee was living in Mr. Hill's family at the time of his death. The residue of the estate is given by the will to Mr. Hill's widow, Mrs. Harriet L. Hill, for life, and then to his three children. Mrs. Hill was also constituted executrix, without bond.

The first of two codicils to his will gives to Mr. Hill's sister, Miss Martha L. Hill, \$2,500 for life, as a token of his sincere love and affection. Upon the death of Miss Hill the legacy is to become part of the residue of the estate. The second codicil revokes the legacy of \$200 to Richard Mackall, colored, because of his death, and the legacy of \$100 to Garrison Brooks, colored, as he had left Mr. Hill's employ. The will is dated February 15, 1905, the first codicil January 15, 1908, and the second codicil April 10, 1908. Mr. Hill died September 21.
