ROCK HALL NEWS.

Since the recent rains, wheat in this section, has made rapid development. The indications now point to an early harvest and a generous yield. The cool weather prevailing for the past week or more has been productive of much injury to corn and truck. By not using tar on his seed corn when planting, black birds and crows have made it necessasy for Capt. Hatcherson to replant almost his entire tillage.

Captain G. T. Sewell and Mr. Thomas Colyer have considerably improved their properties by erecting wire fences around
