I can say I am especially pleased with the Paint. Yours truly, CURTIS E. CRANE.

CARRARA PAINT is therefore our subject for consideration at this present time. CARRARA PAINTS will not Blister, Peel, Chaik, Crack, Powder or Fade. CARRARA PAINTS are not affected by Acids, Gases, Grease, Salt or Temperature. CARRARA PAINTS hold their color, are elastic, non-porous, bear scouring without destroying gloss, and is non-poisonous (no more Lead Colic). And last, but most important, it covers more surface than Lead Paint, and is therefore cheaper. Try it for yourself and be convinced.

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When a young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

Case of a New York Girl of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM: - I hope you will publish this letter, for I want all mothers to know how much good your medicine did my young daughter. Her health broke down about six months ago, and although she is large for her age, I did not understand what was wrong with her; the doctor did not, either, for he treated her for her heart, which pained her a good deal; but he did not do her any good, and we were afraid heart trouble would carry her off. Every day she kept getting whiter and thinner. She had no appetite, and she sat around without any ambition, and was always too tired to do anything. All night long she would moan in her sleep, as though in terrible pain.

"I felt terribly discouraged; I was spending money for doctor's bills right along, but she was receiving no help. At that time I was taking Lydia E. Pinkham's Vegetable Compound, and I read in one of your books about young girls. I decided to drop the doctor, and give her your medicine. I wish you could see the change in her, and the pink cheeks Lydia E. Pinkham's Vegetable Compound has given her. She had taken but half a lestion-Advancement of our work in bottle when menstruation started again and her heart trouble went away like young people's societies, Miss Florence magic. SPECIAL ADVICE TO YOUNG WOMEN FREE.

From her vast experience in treating female ills, extending over 20 years, Mrs. Pinkham has gained a knowledge which is of untold value to every ailing young woman. Her advice never fails to help. If you need such help write her. Address Lynn, Mass.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; so do not experiment with untried medicines, but insist upon the one you know is best.
