Why has it the greatest record for absolute cures of any female medicine in the world? Why has it lived and thrived and done its glorious work among women for a quarter of a century? Simply because of its sterling worth. The reason that no other medicine has ever reached its success is because there is no other medicine so successful in curing woman's ills. Remember these important facts when a druggist tries to sell you something which he says is just as good.

A Young New York Lady Tells of a Wonderful Cure:-"DEAR MRS. PINKHAM: - My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. fered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headaches. No one knows what I endured. Often I was sick to the stomach, and every little while I would be too sick to go to work for

three or four days; I work in a large store,

and I suppose standing on my feet all "At the suggestion of a friend of my other's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I felt better after the first two or three doses; it seemed as though a weight was taken off my shoulders; I continued its use until now I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—

Yours truly, ADELAIDE PRAHL, 174 St. Ann's Ave., New York City." Women should not fail to profit by Miss Adelaide Prahl's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so certainly will Lydia E. Pinkham's Vegetable Compound cure others who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. Address is Lynn, Mass.; her advice is free and alway helpful.
