A LESSON IN MANNERS.

The Way a Clever American Woman Managed a Duke.

A story which belongs to a time several years ago when an English duke was a much sought after personage in New York society is told by Mr. James L. Ford in "The Brazen Calf:"

This duke, contemptuously noting the eagerness with which New Yorkers fawned upon him, had formed the habit of going out to dinner without troubling himself to put on evening dress. A lady had invited him to dinner without knowing of this peculiarity and was awaiting his arrival when her butler opened the door and cast a glance at her over the heads of intervening guests which said plainly that

It looks now as though we were going to have a crop of fruit, and as many orchards have been dug up don't you think it would be a good idea to feed your trees with our Fruit Grower, as it has given such universal satisfaction? Then, too, it will only cost you about two cents per tree to dress them with this goods.

IRONSHIRE, MD., MESSRS. T. R. HUBBARD & Son-GENTLEMEN: I had heard so much of your Corn Phosphate that I determined to give it a trial. I had two pieces of ground, the quality of which was as near alike as possible. I used yours on 2,045 hills, and H. & T.'s "B" on 2,719. Your plot had nearly 700 hills less and gave within ½ busdel (actual measurement) as much Corn as the other, and it cost \$7 00 more per ton than yours. I am frank to say yours is the best Corn Phosphate I eyer W. H. BASSETT.

You fertilize your wheat, why not your corn? It will pav. We have many customers who use it year after year. Such gentlemen as I. R. Leaverton use it annually, and farmers like Ham L. Crew have used it for 10 or 12 years, and J. Alfred Bramble says it pays him handsomely. And where will you find better

or more successful farmers than these gentlemen? We have one man in Delaware already ordered 70 tons. We have two more in Maryland who have their orders booked now for 20 to is each, and so on we could give them to you by the score.

LOR TOMATOES -

Well, you have heard about our Peerless. Mr. Jacob Shriley says it is the best goods he ever saw for tomatoes. Mr. Stewart Granam writes where Peerless went alongside another goods; one looked like manured and the other as if it had none, and that Peerless yielded over one third more tomatoes.

Mr. B. H. Moore writes: "I used Peerless on 2 acres, sold 271 tons at 12 cts. per basket; netted me \$198 40" D F. Loose says one ton netted him \$96.00 more than another ton of \$18.00 goods alongside. C R. Dashiel says he would have it if it cost \$50.00 per ton. Smith, Rouse & Webster, the great canners, say they never heard of goods spoken of more highly. We can farnish hundreds of testimoniais. Many have told us their yield from it was four and five tons more per acre.

Now, if you want to sow OATS or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK, or want anything in the FERTILIZER line, please call on or correspond with us before making your purchases.
