Ray-This peach is of the Chinese strain, a remarkable grower, so much of it is noticeable in the nursery from other varieties. It ripens just after Troth's Early; size of Belle of Georgia or Moore's Favorite; white flesh with red blush; a shipper. The original tree has borne 16 successive crops without a single miss, and the small orchard of 264 trees, budded from same tree, 7 years old, has borne 4 successive crops that have netted over (\$2,200) twenty-two hundred dollars. We have the exclusive stock of this variety, the first that has ever been ofiered, which we furnish at double price of regular variety of peach.
