TOR THE REMAINDER OF JULY we are closing out some of the strongest and best lines to make room for the on-coming fall season, which takes lots of room; and below you will find some rare bargains not to be found anywhere else. Whatever we advertise we sell—we don't count the cost of things when we put them on the bargain counter—they must go.

# WHITE SHIRT WAIST SUITS

Come and look them over and see the style, workmanship and quality, see the ticket and just take ‡ off. Would advise an early visit because they will not last long at these sacrificing prices.

Now's the time to buy yourself a nice Hat at the price of a common one at the start of a season, they must go and we have put a price on them that they can't stay here. To be convinced of this fact a visit is necessary. All the newest things in Linen Hats for picnics, etc.

This line is complete in every detail—we have them in Black and Blue Mohair, just the thing for street wear and prices a way down

For the remainder of July this line must also be sacrificed so as to make room for fall stock.
