Victor Fine Ground Limestone

THE BEST WAY TO LIME: The United States Government and the Pennsylvania Agricultural Experimental Stations are now recomperimental Stations are now recommending Finely Ground Limestone as the best way of applying Lime to the soil. It does not destroy manure, there is no danger of burning your crops, it keeps for years, and can be applied at any time or season.

EASIEST AND CHEAPEST TO USE paper bags. Can be easily handled, and kept in stormore choking dust, nor scalding burns. Can be drilled into the soil, or sowed on the surface and harrowed in. Saves half the cost of the old way of applying Lime. Is cheaper and better.

CIVES MAXIMUM RESULTS It has been proved that yery Fine-ly Ground Limestone produces, as a fertilizer, the same results pound cause VICTOR Fine Ground Limestone is the purest, most Finely Ground Limestone on the market, and because it destroys no manure or crop, it gives much better results than any other burned or hydrated Lime made.
