Face To Face

There is a fellow in Chicago who has made himself famous by advertising his business with a cut of a bald head showing a back view, and right on the bald spot in black letters were the words: "This is Tom, meet him face to face."

We presume many have been ours whom we have not met face to face. We say this in all modesty, and admit by so doing that there are some people in this community who are not yet patrons of this bank. To all such we say "it is never too late to mend," and if you will come around and give us a chance to meet you face to face we shall be very much pleased and know that our facilities for handling vour business cannot fail

Whether you are ready to open an account or not, drop in and see us. You will be made welcome and we shall be more than happy to meet you "face to face."

Remember, THE PEOPLE'S BANK is the only bank in Kent county which pays 4% interest on Time Derosits-and four per cent instead of three means one-third more income from your savings.
