mach and chylopoetic viscera, co ting that miserable disease called

No complaints are more comm on the stomach, the functions of are so very important to health, that the least derangement is attended with agreeable consequences to the system. Perhaps there is none in whole catalogue to which this viscus liable. more afflicting, and less a sia, or indigestion, the cure of whi hitherto eluded the skill of the land and baffled the power of all ord has in many cases given some reliel, this absternious regimen has been, to ny, as great a source of vexacion as disease itself; for, when the craves, and the stomach is willing ceive, to deny one's self the chief la

ry of life is no ordinary task. The symptoms that characteriz p psia, or indigestion, are various in ferent constitutions, but for the part, loss of appetite, nausea, sickh the stomach, a discharge of water in morning from the mouth, som taste ess. but generally sour, heart-pu pain in the pit of the stomach, loss of peristalic motion in the intestines, tiveness, palpitation of the heart for ness of the countenance, vertigo head, flatulency, with roaring of the bowels, and a long train of me affections too tedious to enumer stomach is the primary scat of disease constant morbid secretion of mati ducing acid and wind, owing to the bilitated state of this organ, cause ecuting other business. of the most disagreeable sensau are acquainted with; the alkalies,

little more than palliate the seven, the disease. cures pelle and by this valuable cine, to adopt a mode of circulati ter calculated to insure its uselu a more extensive way than it com sibly attain were it confined to tice of a few individuals; at time, he is well aware of the P objection that unfortunate! y exists mode of in coduction, inasmuch vish, ignorant pretenders, in man stances, have imposed on the cree of the afflicted, with little or no be to them.

nesia, and ordinary medicines,

A number of certificates might tained, but they are so easy with so little regard to truth, can have no weight with a disc

Therefore, the proprietor is conn that a simple trial of this ELIXII establish its character in the cure of of pepsia, over all other remedies in " the present day.

On its own virtues it must stand

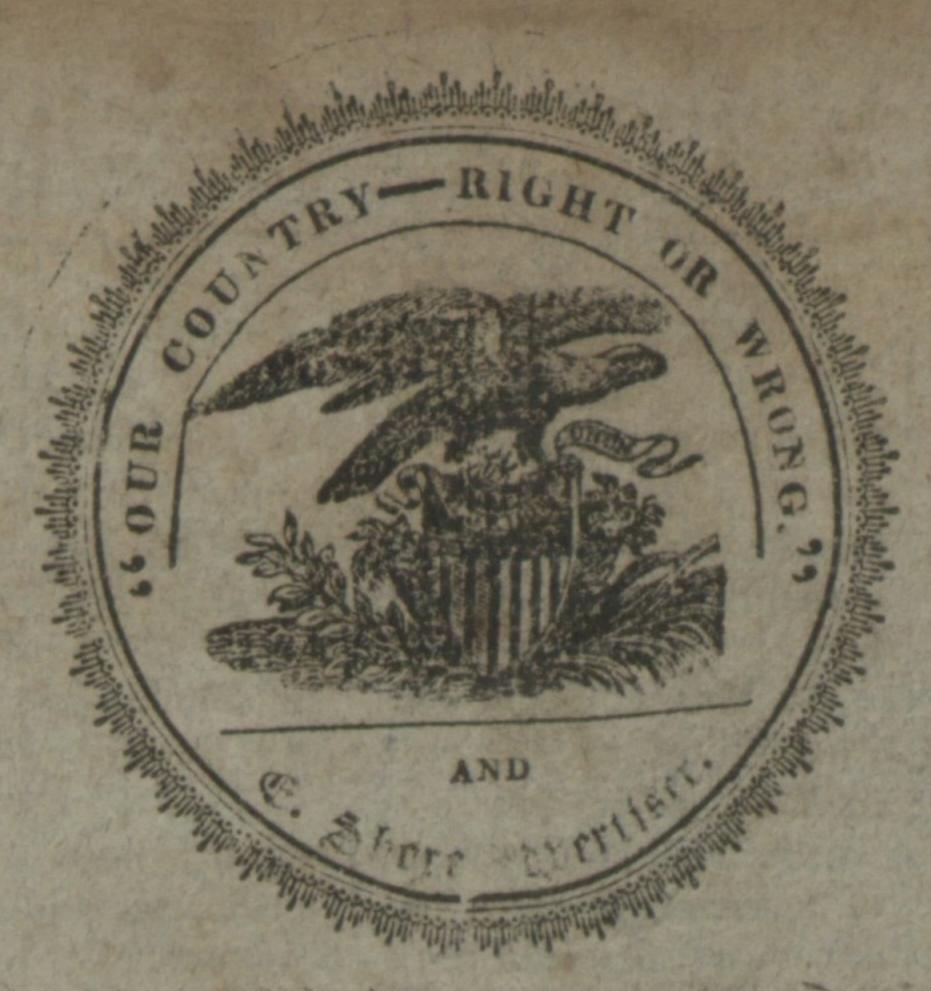

The basis of the Elixir is vege and perfectly innocent in its operation it destroys that sour taste of the stor the instant it is taken, and stop morbid secretion, by giving streng the muscular fibre of that importan gan, by which means the peristal tion of the intestines is increased costiveness obviated; a new action ven to the system, which puts and a train of distressing nervous sensa

Another form of the disease in the Elixir is admirab y carculated lieve, is the decline of fever, whi stomach will not bear the of strengthening medicines indicate such cases, it has the surprising of giving vigor, and restoring the na secretions of the body, without inc ing the febrile state.

A supply of the above mean has just been received, and will be constantly for sale at the Chronicie tice. oct 22
