And why cannot the banks redeem, as well as the brokers? Why can they not redeem their own notes? Because a veto has issued from the city of Philadelphia, and because a political revolution is to be effected by injuring the country, and then charging the injury upon the folly and wickedness of the Republican Administrations. This is the reason, and the sole reason. The Bank of the United States. its affiliated institutions, and its political confederates, are the sole obstacles to the resumption of specie payments. They alone prevent the resumption. It is they who are now in
