OR DELICATE NATURE. H His long experience and attention to this class of complaints; his safe and speedy meth- He od of treatment, and his extraordinary success N during a long and extensive practice, enables But thim, confidently, to promise all persons so afflicted, a safe and radical cure, without injury U to the constitution or confinement from business. By a long course of study and practice One experience, Dr. S. has now the gratification of A presenting the unfortunate with remedies that have never failed, "since he first introduced At them," to cure the most alarming case, and D that in a very short but reasonable time, without the aid of mercury or any other deleteri- 'Tw ous drug. Within the last ten years Dr. S. B has cured more than thirty thousand cases, of The the above character and it may be safely said that more than one-half of the patients had been A

previously treated with mercury and other mineral poisons by some foreign or native pretender to the healing art. Dr. Smith does not profess to be a Parisian, And or a graduate of any London or Parisian hospital. He believes the United States can produce physicians as capable of curing disease, The who has been compelled to leave his own coun- S try because his boasted skill and wonderful dis- And coveries in medicine have failed to afford him a living at home. Let the unfortunate bear in mind, when affliction overtakes him, that no time should be lost in making application to a competent physician, as they would not only obtain relief from pain, avoid mortification through exposure, and elude great constitutional injury, but enable their medical assistant to be more moderate in his charges than he could justly be where symptoms have become confirmed or the disease more widely diffused. The rapid advances of this truly terrifying When ulceration and discolored blotches, with

aracking pains, betray to the unhappy victim Your the deadly poison preying upon his vitals, then, WOTI "and not till then," do many awake to a full remo sense of their danger. YOUNG MEN And others afflicted with seminal debility, inma whether original from a certain destructive now. habit," or from any other cause, with the train of bodily and mental evils which follow, when neglected, should make an early application, with the full assurance that they can be speedi- at h ly restored to sound health and firm vigor.— down man, and has doomed thousands of the human ling race to untimely graves; blasted the brilliant been shopes of parents, and blighted, in the bud, the and moble ambition of many an aspiring youth. had Dyspepsia, weakness of the back, eyes, and

Himbs, palpitation of the heart, dizziness, for- lister

getfulness, &c. &c., are symptoms of this dis- the IMPOTENCE-IMPUISSANCE. One of the most frequent penalties paid by those who give unrestrained license to their Strer passions is a loss of virile power. The young, and unaware of the fearful results that may ensue, ous I tency may, and does occur from stricture, cessi gravel, deposites in the urine, and from many alone other causes; but by far the most frequent them source of it is an abuse of the sexuel organs, at by excessive venery or self-pollution—particularly the last. Too great excitement of the genital organs is, however, productive of oth- not ereffects, besides premature impotency; it tends "> to derange the digestive functions, and weak-ther en the physical and mental powers. Thus parents and others are often deceived as to the true source of the complaints of the youth ling and young men. It could be shown how at- "A tenuation of frame palpitation of the heart, frien derangement of the nervous system, cough, here. tive of consumption, are often ascribed to ny J wrong causes, when, in reality, they are the past. consequence of an alluring and pernicious water practice, alike destructive to the mind and not v

Dr. Smith has given particular attention to "H the cure of female complaints. His method vou s of treating Suppression, Irregularities, and other complaints peculiar to their sex, is safe, hope and seldom requires but a short time to cure.
