A Runaway Match. [Correspondence of the N. Y. Express.]

WASHINGTON, Feb. 7. Quite an exciting little incident occurred yesterday at the National Hotel. As dinner was just about over, the ladies were summoned from the dining room to the parlor. Of course the gentlemen followed, none of them, however, knowing what was to take place until they reached the scene of action. There were the Rev. George W. Samson, and before him stood a blushing maiden and her brave laddie.

The marriage ceremony was pronounced in a very impressive manner; the maiden and her companion pledged their troth, and the clergyman declared them "one flesh."-They seemed considerably relieved when they found the thing done, and that it could not be undone, and then it came out to the amazement of all that they were runaways, of the F. F. V.'s, who had been opposed by "the old ones" in their matrimonial intentions, and had just arrived from the Old Dominion, whence they had come to escape the persecuting opposition of their guardians.

The condition of the bridegroom's toilette showed clearly that he had been in something of a huary. As soon as the case became generally known, the happy pair were congratulated upon their "spunk," received the good wishes of the com pany, and departed. It was quite a relief to the monotonous routine of hotel life.

RICH WIDOWS .- The New Orleans Delta mentions, under the head of "Rich Freight," the arrival of a steamboat from Red River with several passengers, among them eight widows, whose aggregate wealth amounted to \$5,000,000. One of the ladies is the owner of 600 slaves, and the others make a crop of 300,000 bales of cotton.

A LECTERE. - James E. Murdoch, Esq., the tragedian, delivered a lecture on Friday evening last, at Easton, Md., before the Young Men's Christian Association. The Easton Star says it was "an intellectual treat seldom enjoyed by the denizens of our inland village."

Hon. A. H. Stephens, the ableand distinguished member of Congress from Georgia, will, it is stated, withdraw entirely from the public service for the remainder of his life, after the 4th of March.

Prescott's History of Philip the Second, of which three volumes have appeared, will be completed by Mr. Kirk, his amanuensis.
