I believe it unnecessary to expatiate upon their superior qualities over other machines, as they are so well-known in this county, but simply to state that they will be sold at a greatly reduced rate over last year, and the machine of 1878 has many improvements over any former year's production. Sample machines will be displayed on the court-house green, Give me your orders early, so that you can become thoroughly acquainted with the working of the machines before harvest, and so that I can give you any attention before the rush comes on.
