Centreville State Rights.

TUESDAY MORNING, JULY 24, 1860

The heavy expense which we have incurred in improving the typography of our paper must be our excuse for pressing our collections. Some persons seem to think it does not require money to publish a newspaper. We assure them upon the authority of experience that they are mistaken. The types, the paper, the work, the labor, every thing needed must be punctually paid for, and we hope all who are indebted to this office will discharge their respective obligations promptly. It is impossible for us to call upon each of you personally; and if this general notice is disregarded, we must wait upon individuals through a collector.

POLITICAL NOTICE.

The Democratic voters of Queen Anns county are requested to meet in Convention at Centreville on **TUESDAY, the 31st day of July instant,** to appoint three delegates to represent said county in the Democratic State Convention which is to assemble in Baltimore city on Thursday the 9th of August next, for the purpose of taking such action as may be deemed expedient in view of the present condition and prospects of the party.

BY STEAMBOAT OF MONDAY.

[Correspondence of the Baltimore Sun]
WASHINGTON, July 22.
The Plan of Political Union in New York—Its Strength and Prospects of Success—the Bell and Everett men Coming into the Movement—Lincoln Killed off.

I became impressed with the belief while in New York a few days ago, that the movement commenced recently at the Twelfth Avenue Hotel by a few gentlemen towards the formation of union conservative electoral and State tickets will be carried. Knowing those who have taken hold of this subject are men who do not often interpose directly in party politics, but who now move not prematurely nor without a sound basis, nor without effect.

The article in the Journal of Commerce, of the 19th instant, from the pen of the senior editor, who has taken a leading part in this movement, presents the plan of action, and gives urgent reason for its adoption.

I learn further that some of the leading Douglas democrats, heretofore hostile to any fusion, now favor it upon the terms proposed, and that Mr. Breckinridge himself has written a letter to a personal and political friend in New York, advising conciliation and co operation between the two wings of the democratic party in that city and State. Further, the Bell and Everett men have come cordially and promptly into the plan, and are zealous in its promotion, viewing it, as Gov. Hunt stated in a recent speech, as the best means by which the union whigs and Americans can promote their own principles. Their first and most imperative duty they regard as the defeat of Mr. Lincoln, and of his party.

If the Democratic State Convention, which is to be held on the 15th of August favor this plan of united conservative action they will choose an electoral ticket consisting in fair proportion, of Douglas democrats, Breckinridge democrats, and Bell and Everett men. The committee charged with the call of a Breckinridge State convention will not call one to be held prior to that date, and when held it will affirm the action of the Douglas convention should that body embrace the fusion scheme. The Bell and Evert party are ready to approve it also. The plan embraces not only co-operation of conservative elements in reference to the Presidential election, but of the State election. It will not be known till after the 15th of August whether this union can be effected; but if it be made it will rescue the State from republican misrule and defeat the republican candidate for the Presidency.

My own belief is that Lincoln is defeated—killed off before the action. Tox,

DEATH OF JOSEPH GALES, Esq.—The Sun of Monday announces the demise of Joseph Gales, Esq., of the firm of Gales & Seaton, of Washington, publisher of the proprietors of the National Intelligencer. Mr. Gales has been for many years known to the public in his editorial capacity from his

HOW MR. WEBSTER SETTLED THE N. E. BOUNDARY QUESTION.—We have never heard a more beautiful incident in the life of Mr. Webster, than that which he related to a friend of ours. It was in effect this: "When Lord Ashburton and myself," said that great man, "sat down, at opposite sides of the table, entirely alone, as both had desired to consider the Northeastern boundary difficulty, I said to his Lordship at my outset, 'My Lord, I wish to propose to you at the commencement of this discussion, this simple resolution, to be adopted before we go further, namely, that the question at issue between your country and mine shall be settled amicably; and that the enemies of the institutions and religion of both shall not be allowed the delight of seeing both doing their utmost to destroy each other.'" With the deepest emotion, Lord Ashburton replied: "I heartily accept the resolution," and at the same time grasped Mr. Webster's hand across the table.

WELL PUT TOGETHER.—At a Printer's Festival in Boston, a short time since the following capital toast was drank:

The Editor—The man that is expected to know everything, tell all he knows, and guess at the rest; to make known his own good character, establish the reputation of his neighbor, and elect all candidates to office; to blow up everybody, suit everybody and reform the world; to live for the benefit of others and have the epitaph on his tombstone, "Here he lies at last;" in short, he is a locomotive runner on the track of public notoriety; his lever is his pen, his boiler is filled with ink, his tender is his scissiors, his driving wheel is public opinion; whenever he explodes it is caused by the non payment of subscriptions.

WHAT THE CENSUS IS SHOWING.—Some of our cities, which have been indulging in extravagant estimates of their present population, are being disappointed in the results of the census. The aggregate population of Cincinnati will not exceed 180,000. Boston, it is believed, by the journals of that city, will not be so large as was expected. Baltimore has increased 61,000, and has now a population of 230,000. Philadelphia, it is estimated from the returns already made, will be over 650,000, possibly 680,000 as estimated last January by those who published the new directory. The population of New York is not yet given. Its preponderance in Congress depends upon keeping up its population.—Philadelphia Ledger.

ENORMOUS GOOSEBERRIES.—For some years an association has existed at Paterson New Jersey for cultivating the gooseberry. The members who are all Englishmen, give annual exhibitions and award premiums for the largest raised of the several varieties. This year the first prize was taken by Mr. Henry Wilkinson, whose specimen berry, of the "Speedwell" variety weighed twenty-one pennyweights and nine grains. One which had previously "burst its boiler" weighed twenty-four pennyweights and five grains the largest, doubtless ever raised on this continent. The list of premiums is regularly forwarded to England and published among the transactions of the Gooseberry society of that kingdom.

HOWARD ASSOCIATION, PHILADELPHIA.

A BENEVOLENT INSTITUTION ESTABLISHED BY SPECIAL ENDOWMENT, FOR THE RELIEF OF THE SICK AND DISTRESSED, AFFLICTED WITH VIRULENT AND ENDEMIC DISEASES.

The HOWARD ASSOCIATION in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by quacks, several years ago directed their Consulting Surgeon, as a charitable act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give medical advice gratis to all who apply by letter, with a description of their condition, (ages occupation, habits of life, &c.) and in case of extreme poverty to furnish medicines free of charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended, the labors of their Surgeons in the cure of Spematorrhea, Seminal Weakness, Gonorrhoea, Gleet, Syphilis, the vice of Onanism of Self-Abuse, Diseases of the Kidneys and bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhoea, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and the Diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) free of charge, on receipt of two stamps for postage. Other reports and tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year are of great value.

Address for Report or treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pennsylvania.
