Centreville State Rights.

TUESDAY MORNING, JULY 31, 1860

The heavy expense which we have incurred in improving the typography of our paper must be our excuse for pressing out collections. Some persons seem to think, it does not require money to publish a newspaper. We assure them upon the authority of experience that they are mistaken. The type, the paper, the work, the labor, every thing needed must be punctually paid for, and we hope all who are indebted to this office will discharge their respective obligations promptly. It is impossible for us to call upon each of you personally; and if this general notice is disregarded we must wait upon individuals through a Collector.

POLITICAL NOTICE.

The Democratic voters of Queen Ann's county are requested to meet in Convention at Centreville on **TUESDAY, the 31st day of July instant**, to appoint three delegates to represent said county in the Democratic State Convention which is to assemble in Baltimore city on Thursday the 9th of August next, for the purpose of taking such action as may be deemed expedient in view of the present condition and prospects of the party.

M. BROWN,
Chairman Central Committee.
July 17th 1860.

BY STEAMBOAT OF MONDAY.

The Steamer *Great Eastern* Coming to Annapolis Roads.
New York, July 29.—The steamer *Great Eastern*, it has been decided, goes to the Chesapeake. She sails on August 2d, and will arrive off Old Point Comfort on the 8d, and be open for exhibition there on the 4th. She will then proceed to Annapolis Roads and be exhibited there from the 6th to the 10th inclusive, leaving for New York on the 11th. She starts for England on the 16th.
(We have the following dispatch from Henry C. Jarrett, Esq.)
New York, July 29.—The *Great Eastern* will positively be in Annapolis Roads for five successive days, commencing Monday, the sixth of August.

The grandmother of Judge Douglas' children by his first wife, died a few days since in North Carolina, leaving to said children a plantation, etc.
A Visir "Home."—Gen. Lane visited Buncombe county, N.C., and the place of his birth on Tuesday last. On the same day he was presented to a circle of twenty-five blood relations, whom he had never seen, and who had grown up around the old family tree. The emigrating fever makes strange changes in families.

The filibuster, Gen. Walker, has sailed with a few followers from Recotan, and is to revisit the theatre of his old exploits and defeat in Nicaragua. His objects are professedly peaceable, and his course will probably be pacific as long as he shall have his own way. But opposition from the Nicaraguan government will no doubt be met with hostility.—The British government have a treaty with Nicaragua by which the peace and safety of the Isthmus are guaranteed, and especially from the assaults of filibusters.

In case of the election of President by the House of Representatives, the seventeen smallest States can elect a President. Three of these minor States have only a single representative, six have only two, three have three, three have four, one has five, and another six, so that thirty-seven members of Congress, being a majority of the delegation from a majority of the States, can elect a President, if no election is made by the popular vote.

Affairs in Talbot County.—We copy from the Easton Gazette:
Professorship Tendered.—Dr. C. C. Cox, of this town, we learn, has been tendered the Professorship of Obstetrics and Diseases of Women and Children, in the New York College of Medicine, *Cricket Club.*—A party of young men of Easton, numbering some twenty-five, have formed a cricket club. Cricket is rather a novel game to Eastonians, but those who have engaged in it thus far appear to be highly delighted.

JOHN BROWN'S FAMILY.—The sum of \$6,150 contributed in the United States for the benefit of old Brown's family, was distributed among them a few days ago. The widow and three small children received \$2,260. John Brown, Jr., \$1,000, Watson Brown's widow \$800, Wm. Thompson's widow \$500, and the others the balance.

A CARD.

OWING to the large and constantly increasing business on my hands, I have associated with me in the Carpening Business, Mr. Frances A. Everts a young man, who, since his regular apprenticeship, has worked eighteen months under my instruction, and whom I can recommend as a good honest and industrious workman, and in every way worthy of public patronage. The Carpening Business will in future be conducted under the style of McCosh & Everts, and one or the other of the firm will always see that contracts made by them are strictly complied with. I shall continue to give to this business my personal attention as heretofore.

SAMUEL McCOSH.

A liberal share of the public patronage is respectfully solicited by the new firm of McCosh & Everts. Those for whom we work one mile from home, will be expected to board us and our hands.

A CARD

To the Citizens of Centreville and the Public Generally.
I have understood that it has been said I purchased the Baking Establishment of Mr. McClements in order to monopolize the business and raise the price of bread. I assure the public that such is not the case, as I have never owned and do not intend to acquire three cents a loaf unless the price of flour compels me to ask more.

Mr. McClements first proposed to sell to me, and I never mentioned to him anything of the kind, nor did I care to do so, as I defy opposition, and intend to continue the baking business and not let the citizens be imposed on by every one who may choose to engage in the business here. Having Mr. McClements' baker, who for cakes and bread cannot be beaten, now that he has my oven I invite all to give him a trial.

The public obedient servant,
JOHN E. HARMAN.

N. B.—I never discharged Mr. McGuire but he left me, and is now about to start in opposition to me. I leave it to the generous public to judge the propriety of such doings, and hope they will continue to support me, as I am permanently settled here, and am determined that the citizens of Centreville shall not be imposed upon by any one.
JOHN E. HARMAN.

THE HOWARD ASSOCIATION in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by quacks, several years ago directed their Consulting Surgeon, as a charitable act worthy of his name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give medical advice gratis to all who apply by letter, with a description of their condition, (ages, occupation, habits of life, &c.) and in case of extreme poverty to furnish medicines free of charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association,
