

guilt as I could. When I got up to the
kitchen where I met my wife. She said
I have made a fool of you. She saw
two persons on her, I thought one of them
was Dr. Webster, but found to be an
Kearny & Am. Glanworth. I went
directly out to front door & began to talk
with them. ^{by} King asked me what private
plan that was in the college that was
which had not been searched. I told him
when the plan was. He said let us
go into his rooms. I told him his
plan was all locked up & I could not
go in. They then went away. - When
I went back into the college I saw Fremont
what I was doing, & told him I would
be through in ^{20 min} 1/2 an hour & if he would
come back in ^{20 min} 1/2 an hour, I would
let him know the result. I was very
with Fremont. - He then went into
kitchen where I met my wife, - I did not
see Dr. W. go into the building. I stayed
in the shed talking with Fremont when
Dr. W. came out - it did not then I think
more than 1/4 of 4 hrs. - Dr. W. came
out of the shed & spoke to Fremont then.
