

I told her if he made any discovery to go & inform Dr. B. <sup>sen</sup> of the fact, & to call at my rooms, which were in some neighborhood, & have his name on my state if I was not in. -

I enjoined strict secrecy upon <sup>him</sup> ~~me~~ in case he made the discovery, & I pledged myself to the same. -

When I am born in the early part of the evening I find L. name upon my state.

I don't know these American subjects were even and in Dr. W.'s room, & probably should not know of any had been.

George W. Frankfort - Police Officer. In some way he had been sent from the city to Dist near N. C. I received L. & had been 2 or 3 days I knew Dr. W. - I found I am Dr. W. finding night 1/4 before 4 after Dr. W. appeared. I was conversing with the L. & Dr. W. came up & asked me what was about the 20 dol. bill. He then told me a Britishman came to sell him to pay toll & offer to pay 1/2 toll with it - Oh I am mistaken - It was was when I was talking with <sup>James</sup> Mr. Blake when I saw Dr. W. He standing, I don't rec't the time in the afternoon; it was near the College. I was standing in front of the College - Dr. W. came from towards the front steps of the College, but I don't know if he came from the College.
