

Some days. I took out my watch & it was
24 or 25 min. upon 2 o'clock. This was after I
had seen Dr Parkman - I walked over
the Bridge - Saw St. John's Cemetery & the
gate to the land lead into Portland & then into
Hannover St & then to Elm St.

I am called rather a good worker.
I noticed the appearance of Mr P. He was
dressed in dark frock - dark coat and
dark pants - That -

When I saw him he had his
hands behind him, he offered to see to
be somewhat excited - Any about
counting - I noticed him as he came out
of paper, - He was working, I did not
then want to look upon him -

It was the Sunday above 5 o'clock
when I called this to mind, & stated it to
Mr Blake - the ex-city Marshall -

X I don't use Spectacles for near
sightness. Don't think I am. I am
not sensible upon or knowing of the
I am called near sighted - Some parts
of the day my eyes are weak & I wear
glasses. Which are slightly colored.
