

On Sunday - Dr F. O. said they had  
thought the person who called on  
his brother was some relative  
of a man he had caused to be  
sent to State Prison

Dr O. often quarrelled with his tenants  
L-d told me several times about  
his conduct to them.

My letter to R. G. J. contained the  
statement of Dr O.'s having given his  
consent to selling the minerals 3  
times

L-d asks how many tickets he sold  
he came to me half a dozen times  
for tickets & stated that a student  
had given him the money to get on  
I gave him a blank ticket each  
time - & afterwards gave him six  
to put in his pocket & same trouble of work  
to me each time. <sup>19</sup> Must have sold 12 at
