

As I had said a year before I  
would buy Dr D. when I got  
money for lectures - I recd  
that expression afterwards

Judge M. - notice the efforts  
to catch me by the Govt & the  
friends of Dr D. - sending out  
agents & spies - employing  
women to go as a pedler  
to Cambridge into hutchens  
to pump & - - all the police  
&c -

Dr D. - deemed me every time  
he saw me - even at the  
introduction & delivery this year  
given by Dr Bigelow Jr -

He was heard by several  
in the library of the College  
where the company assembled  
to ask & seek for me & went  
out saying he could find me  
Came to the College often for this
