

my
~~the~~ families can prove
I had several rollers
of each kind - that
they were washed after
at home - also
that the overalls were
taken with other things
home to be washed
after snow. or just
as it was thought
would not be wanted
in preparing between
The overalls are at
home now - but
have not been washed as
the washing was always
done Mondays - & my
absence 30th led to their
not being done -

Ann washed & should
be kept away.

The overalls are such as
masons use - covering
the whole vest & up to neck.
