

But again, the Gov^t may contend that it is probable that there remains on parts of the body of Dr P. because they were found there when he was last seen alive on Friday the 23rd Nov. or then known to be alive

To show that he was last seen alive or known to be alive when he entered the Medical College - the Gov^t, after acquiring themselves of the admitted fact that he did then enter the Medical College, those in possession then with Dr W. will then

1. That since that day, there is no evidence that he has been seen alive any where, by any person.

2. Then negatively, that he was not seen any where after he entered the college -

This includes the testimony of Turkey

the search instituted by him -

The efforts of the police

& of the family

The reward offered - & all these
 however - & thus the whole seems
 to be ineffectual
