April 4<sup>th</sup>

Dear Sir as i know all about  
the disappearance of Doctor Parkman  
i think it my duty say something  
about it i felt so certain that  
Profe Webster would be acquitted  
that i remained silent till this  
time the letters wrote to you  
were from the murderers there shes  
one who is in Boston now the other i  
know not where i received a letter  
from the one in Boston the other day  
stating how things ware the watch  
will be found in the window at the  
Long bridge the today i will not say  
nothing about a few more words about  
the letters as to there being your hand  
write the men that swore to it swore  
to a base lie and this villain of a  
Lille Field finding Parts of a boddy  
suspended by tane i believe he done  
it him self and the place of  
teeth being Parkmans is not so  
his teeth will not be seen in this  
would again nor his body but the men  
compare this hand with yours and say  
if it is the same D. Parkman was  
seen by the witnesses at two and three  
because he did not dye till nine o'clock  
that night for that reason i know  
his body was not found in the collage  
as o seeme it done away with my self  
and i do believe that Lille field put
